### **Considerations re a Collective Task uniform**

Comfort and versatility should be emphasized –  
Art-making and performance are active (or relaxed) processes,  
involving varied materials and sometimes quite strenuous  
(or extremely sedentary) postures and movements.

Collective Task includes members who work in diverse  
media and circumstances, and so to adopt a single uniform  
demands a garment that accomodates the widest possible  
range of activities: a breathable, flexible fabric; coverage  
sufficient for modesty without restriction of movement;  
durability, stain resistance, ease of care.

It is implicit in the concept of a uniform that members  
should be identifiable as part of the collective; yet they must  
also be individually identifiable without breaking rank.  
Safety is an additional concern, especially during collaborative  
art-making or in performance settings. Above all, members  
must be visible. Bright colors may be preferred to this end.

After functionality, taste is paramount.
