

CT Task May 2026: Boring

## **Boring into Boredom**

Kim Rosenfield

Névrose du dimanche

developing anxiety

in absence

of exterior censure

associated with

the need to work

a lack of movement

a pointless stagnation

an enduring hatred of time

a defense against

phobic anxiety

a primary

undifferentiated

formation of

repressed tension's

unfulfilled desire

lacking stimulation

an inability to express

to the

external world

a state of

meaninglessness

a defense against

dangerous internal wishes

a sense of emptiness

idling in

states of reverie

susceptible to hysteria

lassitude normalizing

objects without

occupation of

the place of

the lost object often

the penis
